About Us

- Right from the inception, Saturn Audio Video Systems has always provided the very best products and services to our clients. With vast experience in Audio Video industry we strive to take our customers to a higher level of quality. System design, Installation and Service blend to form an exceptional experience for you. We create media rooms, dedicated theater rooms, distributed audio throughout the Home, recording studios and commercial cinema halls. We can integrate all the electronic systems in your Home with easy to use control systems. We also provide servicing and repairs of Audio Video products on site.

- A select group of manufacturers have chosen us to be their exclusivere presentatives in this field. We have been constantly researching and bringing the supreme products to our clients. Always in search of the best, we are totally focused on value& quality. We always aim to provide quality at all price levels. Whether you are interested in basic or extreme high end we can deliver an experience that is just perfect for you.

- We listen to our clients. Our goal is to match the devices and cables to create a balanced system. We achieve a synergy that elicits the best performance from your equipment. Check in and let us know about your requirements and see what we can do for you.

HOME THEATER DESIGNING

- We are accomplished AV integrators who provide our clients excellent products, flawless designs and quality service. We as technical experts, listen to you, implement on your ideas & needs and transform them into a cost effective and superbly functional solution as well.

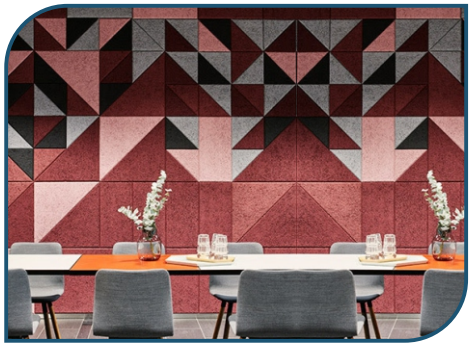

- We work on choosing the ideal screen size for the room, types of the speakers and AVR, placement of the equipment and furniture. This entire process is done according to your taste, room ambience and in all Price Range.

ACOUSTIC TREATMENT

- We offer a wide range of sound diffusing materials that we recommend to use at various places like dedicated Theater Room, Living Room Theater, Auditorium, Gym, Restaurants and conference room etc. to get the clear vocals and finest details of the sound.
