GOINFA Avocado Hair Oil

This pure natural Ayurvedic Avocado Hair Oil is a time-tested and vibrant hair solution that nourishes, makes hair soft and helps in healthy growth of hair.

GOINFA Green Tea Powder

Green tea extracts, which are abundant in anti-inflammatory and antibacterial qualities, aid in minimising sunburn and the redness brought on by UV damage.

GOINFA Herbal Facepack

GIF herbal face pack is a skincare product made from natural ingredients that are derived from plants, herbs, fruits, and other botanical sources. These face packs are designed to provide a range of benefits for the skin while avoiding the use of harsh chemicals and synthetic additives.

GOINFA Pigmentation Cream

This is a 100% Ayurvedic pigmentation cream and it is a non-greasy formula that absorbs quickly, so it does not irritate the skin.

These creams are typically used to treat conditions such as melasma, hyperpigmentation, and age spots.

GOINFA Joint Care Combo (Capsule + Oil)

The capsules typically contain a blend of vitamins, minerals, herbal extracts, and sometimes even compounds like glucosamine, chondroitin, and omega-3 fatty acids. These ingredients are believed to promote joint flexibility, reduce inflammation, and support overall joint function. The oils, on the other hand, are designed to be applied externally to the affected joint areas. They might contain essential oils, herbal extracts, and other ingredients that are intended to provide relief by reducing pain and inflammation when massaged onto the skin.
